

TOP ART SPONSORS

JYSKE BANK

Jyske Bank has always supported art, so it is only natural to be a Top Art Sponsor for Art Centre Silkeborg Bad.

Art is very much about the freedom to challenge the traditional. Artistic freedom to think new and different. And like to provoke. It is a freedom Jyske Bank has always valued in the financial world. The freedom to be a different bank.

The concept of artistic freedom is put into strong perspective with Silkeborg Bad's history as German headquarters during the occupation. With the sponsorship, Jyske Bank hopes to contribute to Silkeborg Bad's vision of creating a "breathing space where all people can meet and have high-quality art experiences". A breathing space where guests have time and space to reflect on art - and perhaps on the question: What is freedom for you?
